The DCI (Mr. McCone) met with McNamara and Gilpatric During conference question of DOD and CIA participation in the formulation of policies to be followed by the US delegation to the UN Outer Space Committee was discussed and all agreed that State, Defense and CIA should be in close consultation at all stages in the formulation of US policy. Mr. McCone later the same day obtained the concurrence of State (Mr. Alexis Johnson). Mr. McCone said this question was of great importance, particularly in view of Dr. Killian's recent letter to the President outlining the need for careful negotiation bearing in mind the possibility of a diplomatic move by the Soviets aimed at frustrating our satellite reconnaissance program. He directed the DD/R (Dr. Scoville) to arrange for participation on the various working groups of Mr. Johnson's ~~Inter~~ ~~Departmental~~ Committee on Outer Space.
